

Creative Ministries Network

VETERANS WELL-BEING AND SUPPORT

This free service is available for former defence force men and women and their families in the hope of enhancing their personal healing, health and spiritual wellbeing. This ministry is open to all who have experienced military life, whether engaged in active service or not. We can provide hospitality, home visiting, counselling, contemplative quiet days, de-stressing techniques, retreats, creative arts and other activities that may emerge from this experience.

John Phillips

Veterans Chaplain

John Phillips, Veterans Chaplain, has spent many years working in parish communities, schools, and health care. An Anglican priest, pastor, theologian and Master of Counselling, John has spent the past nine years caring for patients, their families and staff in haematology/oncology and palliative care at the Mater Hospital in Brisbane where he journeyed with many veterans.
